SYMBOLS

Non-coniferous trees	Slopes	Site of antiquity
Coniferous trees	Cliff	Culvert
Surveyed trees	Cave entrance	Direction of water flow
Orchard trees	Rock	Electricity pylon
Copse, osier	Boulders	Electricity transmission line
Scrub	Bracken	Triangulation station
Marsh, saltmarsh	Heath	Traverse station (permanent)
Reeds	Road building	Bench mark
	Glacisade	Surface level
	Wind pump	Revision point
	Water pump	
	Water tap	

VEGETATION CLASSIFICATION Where space permits, tree and scrub symbols in woods are shown in groups of four, three, two or singly to indicate close, medium, open or scattered density of trees or scrub.

NATIONAL GRID REFERENCE

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point to within 10 metres proceed as follows:

- Take the two letters preceding the sheet number.
- Take the west edge of the grid square in which the point lies and read the figure opposite this line on the north or south margin.
- Take the east edge of the grid square in which the point lies and read the figure opposite this line on the north or south margin.
- Take the south edge of the grid square in which the point lies and read the figure opposite this line on the north or south margin.
- Take the north edge of the grid square in which the point lies and read the figure opposite this line on the north or south margin.
