NATIONAL GRID PLANS Scale 1:2500

ORDNANCE SURVEY

HEIGHTS IN METRES

PLAN SU 2256-2356

MADE AND PUBLISHED BY THE DIRECTOR GENERAL OF THE ORDNANCE SURVEY, SOUTHAMPTON

COMPILED BY THE DIRECTOR GENERAL OF THE ORDNANCE SURVEY, SOUTHAMPTON

Levelled 1958  
Boundaries Dec 1974

Reproduced from (or based upon)  
the Ordnance Survey Map with the  
permission of the Controller of  
Her Majesty's Stationery Office.  
Crown Copyright reserved.  
This map is reproduced from former County Series plans and revised.  
To be revised.

Survey of changes since the publication of this plan may be available. Enquiries should be  
addressed to the Director General or to the local Ordnance Survey office.

HEIGHTS are given in METRES above the Newlyn Datum.  
Bench mark lists, which may contain later levelling information and particulars of bench marks  
to which no values have been shown, are obtainable from the Director General, Ordnance Survey.  
The representation of this plan and its details is evidence of the existence of a right of way.  
The alignment of tunnels, where shown, is approximate.

ABBREVIATIONS

|        |                               |           |                          |        |                         |
|--------|-------------------------------|-----------|--------------------------|--------|-------------------------|
| B.H.   | Beer House                    | L.B. Sta. | Lifeline Station         | P.T.P. | Police Telephone Pillar |
| B.M.   | Bench Mark                    | L.C.      | Level Crossing           | R.H.   | Road House              |
| B.S.   | Boundary Point                | L.G.      | Loading Gauge            | R.P.   | Revised Point           |
| C.     | Crane                         | L.H.      | Lighthouse               | S.     | Stone                   |
| C.H.   | Club House                    | L.T.      | Lighting Tower           | S.B.   | Signal Box              |
| Ck.    | Chimney                       | M.        | Metres                   | S.D.   | Signal Bridge           |
| D.F.   | Drinking Fountain             | H.H.W.    | Mean High Water          | S.L.   | Sundial                 |
| Dk.    | Duck                          | H.H.W.S.  | Mean High Water Springs  | Sr.    | Sluice                  |
| E.P.   | Electricity Pillar or Pole    | H.L.W.    | Mean Low Water           | S.P.   | Signal Post             |
| E.T.L. | Electricity Transmission Line | M.L.W.    | Mean Low Water           | S.S.   | Signal Station          |
| F.A.P. | Fire Alarm Pillar             | M.S.      | Mean Low Water Springs   | T.C.P. | Telephone Call Post     |
| F.B.   | Filter Bed or Foot Bridge     | N.T.      | Normal Tidal Limit       | Tk.    | Tank or Track           |
| F.M.   | Fundamental Bench Mark        | N.T.S.    | Normal Tidal Station     | Tr.    | Traverse                |
| F.S.   | Flagstaff                     | P.        | Pillar, Pole or Post     | W.     | Well                    |
| F.Sta. | Fire Station                  | P.M.      | Public Mile or Post Mile | W.B.   | Windmill                |
| G.V.C. | Gas Valve Compound            | P.C.B.    | Police Call Box          | Wk.    | Works                   |
| H.     | Hydrant or Hydraulic          | P.H.      | Public House             | W.P.   | Water Pump              |
| h.     | Hectares                      | P.O.      | Post Office              | W.T.   | Water Tap               |
| L.B.   | Lifeboat                      | P.        | Pump                     |        |                         |

SYMBOLS

|                      |                            |                                        |
|----------------------|----------------------------|----------------------------------------|
| Non-coniferous trees | Slopes                     | Site of antiquity                      |
| Coniferous trees     | Cave entrance              | Culverts                               |
| Surveyed trees       | Rock                       | Direction of water flow                |
| Orchard trees        | Boulders                   | Electricity pylon                      |
| Coppice, sower       | Sloping masonry            | Electricity Transmission Line          |
| Scrub                | Roaded building            | Triangulation station                  |
| Bracken              | Glasshouse                 | Traverse station (permanent)           |
| Heath                | Archway                    | Bench mark                             |
| Rough grassland      | Change of boundary marking | Revision point & bench mark coincident |
| Reeds                | see AREA'S notes           |                                        |

VEGETATION CLASSIFICATION. Where space permits, tree and scrub symbols in woods are shown in  
groups of four, three, two or singly to indicate close, medium, open or scattered density of trees or scrub.

BOUNDARIES

| England & Wales    | County         | Scotland                  |
|--------------------|----------------|---------------------------|
| London Borough     | County Council | Geographical County       |
| Civil Parish       | County Council | County of the City        |
| Community (Wales)  | County Council | Borough                   |
| Electoral Division | County Council | Civil Parish              |
| Ward               | County Council | Parish, Consistory & Ward |
| Baronage           | County Council |                           |
| Co. Council        | County Council |                           |

Where boundaries coincide the symbol shown is the first applicable in the table above, e.g. Borough Council & ED.

For Ordnance Survey purposes County Boundary is deemed to be the limit of the parish structure whether or not a parish area exists.

New boundary symbols adopted for England and Wales 1974.

Boundary markings

|      |                        |      |                     |      |                 |
|------|------------------------|------|---------------------|------|-----------------|
| C.R. | Centre of Road, etc.   | F.F. | Face of Fence       | T.B. | Top of Bank     |
| C.S. | Centre of Stream, etc. | F.W. | Face of Wall        | T.H. | Top of Hedge    |
| C.D. | Centre of Ditch, etc.  | R.H. | Roof of Hedge       | T.S. | Trunk of Stream |
| C.D. | Centre of Ditch, etc.  | S.R. | Side of River, etc. | Und. | Undefined       |

Imperial measurements for metric boundary markings  
9.14m = 30ft  
1.22m = 4ft

AREAS

Area measurement is to plan edge only.  
The number and area in hectares (ha) and acres (a) shown within each parcel of land.

EXAMPLE: 4267 ha 27a 2r 10c = 4267.272 acres

When identifying a parcel it is important to specify the number of the plan on which it falls.  
Enclosures or features joined for measurement of area are shown as one enclosure.

Limit of area within which individual parcels are not shown.  
To convert hectares to acres multiply by 2.471 05.  
To convert acres to hectares multiply by 0.404 69.

NATIONAL GRID REFERENCE

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference  
defining the position of a point to within 10 metres proceed as follows—

1. Take the two letters preceding the sheet number. TO 058

2. Take the east edge of the grid square in which the point lies and read the figures opposite the line on the north or south margin. Estimate east of metres from the grid line to the point (distance in metres). 018

3. Take the south edge of the grid square in which the point lies and read the figures opposite the line on the east or west margin. Estimate south of metres from the grid line to the point (distance in metres). 291

4. The full four figure reference is given by writing first the letters followed by the Easting and then by the Northing. The resulting four figure number is the National Grid Reference. 291 018

For further information see: An introduction to the Projection for Ordnance Survey Maps and the National Reference System.
