THE NATIONAL GRID
TO GIVE A GRID REFERENCE CORRECT TO 100 METRES
EXAMPLE
Old Harts Farm
The Grid Letters on this sheet are ST
EAST
Take west edge of kilometre square in which point lies and read the large figures printed opposite this line on east or west margin.
Estimate tenths Eastwards
NORTH
Take south edge of kilometre square in which point lies and read the large figures printed opposite this line on east or west margin.
Estimate tenths Northwards
Full 100 Metre Reference ST 92550
The above Full Reference is omitted. For many purposes the first grid letter can be omitted, giving a reference, T 93550, which recurs at intervals of 500 Kilometres. If both grid letters are omitted, the resulting reference, 93550, recurs at intervals of 100 Kilometres. When the area concerned is sufficiently restricted, as will usually be the case with maps on scales of one inch to the mile and larger, both the grid letters are normally omitted.
At the Eastern edge of this sheet True North is 0° 07' East of Grid North and at the Western edge, 0° 07' East of Grid North.
Magnetic North was about 9° West of Grid North in 1961, decreasing by about 1" in four years.
Heights are in feet above Mean Sea Level at Newlyn.
1 square inch on the map represents 1778 acres on the ground.
Boundaries which have been verified on the ground are shown in black. Boundaries which have not been verified on the ground are shown in brown.

Antiquity (Site of)	Park, Fenced	Orchard
Spot Height	Wood, Coniferous	Rough Pasture
Boundaries, County	Wood, Deciduous	Heath & Moor
County or Borough	Wood, Mixed	Farze
Constituency	Underwood	Marsh
Rural District		Roads
Parish		Ostler Bad
		Quarry
		Gravel Pit
		Sand Pit
		Other Pits
		Contour values are in feet
