

Made and published by the Director General of the Ordnance Survey, Southampton.

Made and published by the Director General of the Ordnance Survey, Southampton.

COMPILED DATA

Levelled.....1952
Boundaries...Feb 1976

(a) Surveyed.
(b) Reconstructed from former County Series plans and revised.
(c) Revised.

Surveys of changes since the publication of this plan may be available; enquiries should be addressed to the Director General or to the local Ordnance Survey office.

HEIGHTS are given in METRES above the Newlyn Datum.
Bench mark lists, which may contain later levelling information and particulars of bench marks to which no values have been shown, are obtainable from the Director General, Ordnance Survey.
The representation on this plan of a road, track or path is evidence of the existence of a right of way.
The alignment of roads where shown is approximate.

SYMBOLS

	Non-coniferous trees		Slopes		Site of antiquity
	Coniferous trees		Cliff		Culvert
	Surveyed trees		Cave entrance		Direction of water flow
	Drifted trees		Rock		Pylon
	Coppice/over		Boulders		Electricity Transmission Line
	Scrub		Roofed building		Translocation station
	Heath		Glasshouse		Traverse station (permanent)
	Bracken, rough/ground		Archway		Bench mark
	Marsh		Change of boundary marking		Surface level
	Saltpit		Revision point		Revision point & bench mark coincident
	Reeds		see AREAS notes		

BOUNDARIES

	ENGLAND & WALES County Boundary		SCOTLAND Region or Islands Area Boundary
	ENGLAND & WALES London Borough, Civil Parish (England), Community (Wales), Electoral Division, Ward, Consistency (Co or Boro) Boundary		Electoral Division, Ward, Consistency (Co or Boro) Boundary
	ENGLAND & WALES Borough, County, City, District, London Borough, Civil Parish (England), Community (Wales), Electoral Division, Ward, Consistency (Co or Boro) Boundary		Borough, County, City, District, London Borough, Civil Parish (England), Community (Wales), Electoral Division, Ward, Consistency (Co or Boro) Boundary

BOUNDARY MERGINGS

	Base of Bank		Face of Face		Top of Bank
	Centre of Bank		Face of Wall		Track of Stream
	Centre of Stream, etc.		Face of Hedge		Track of Hedge
	Defaced		Face of River, etc.		Track of Stream
	Edge of Kerb		Face of Road, etc.		Undeclared
	Edge of Kerb		Face of Road, etc.		Undeclared

AREAS

Area measurement is to plan edges only.
The number and area, in hectares (ha) and acres, is shown within each parcel of land.

EXAMPLE: 4267 parcel number
1.007ha area in hectares
4.47 area in acres

When identifying a parcel it is important to specify the number of the plan on which it falls.
Limits of area within which individual parcels are not shown.

To convert hectares to acres multiply by 2.471 05
To convert acres to hectares multiply by 0.404 69

NATIONAL GRID REFERENCE

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point to within 10 metres proceed as follows—

EXAMPLE from sheet TQ 0829

1. Take the two letters preceding the sheet number TQ 0829

2. Take the west edge of the grid square in which the point lies and read the figures opposite this line on the north or south margin 058

3. Estimate tenths of metres from the grid line on the point (distance in metres) 291

4. Take the south edge of the grid square in which the point lies and read the figures opposite this line on the east or west margin 6

5. Estimate tenths of metres from the grid line on the point (distance in metres) 291

The resulting four figure number is the Northing 058 291 6

The resulting four figure number is the Easting TQ 0829 16

The full ten-figure reference is given by writing first the letters, followed by the Easting and then by the Northing TQ 0829 16 058 291 6

For further information see 'An Introduction to the Projection for Ordnance Survey Maps and the National Reference System'
