| Community (Wales) | | | |
| Electoral Division | | Electoral Division | |
| Ward | | Ward | |
| Constituency (Co or Boro) | | Constituency (Co or Burgh) | |

NATIONAL GRID REFERENCE

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point to within 10 metres proceed as follows—

1. Take the two letters preceding the sheet number..... TQ 0589 SE
2. Take the west edge of the grid square in which the point lies and read the figures opposite this line on the north or south margin..... 058
3. Take the south edge of the grid square in which the point lies and read the figures opposite this line on the east or west margin..... 291
4. The resulting four figure number is the Northing..... 0588
5. Estimate tens of metres from the grid line to the point (distance n)..... 6
6. The resulting four figure number is the Easting..... 2916
7. The full ten metre reference is given by writing first the letters, followed by the Easting and then by the Northing..... TQ 05882916

For further information see 'An Introduction to the Projection for Ordnance Survey Maps and the National Reference System.'

BOUNDARY MERGINGS

| | | | |
|--------------------------------------|----------------------------------|-------------------------------|----------------------------|
| B.B. Base of Bank | C.R. Centre of Road, etc. | F.F. Face of Fence | T.B. Top of Bank |
| C.B. Centre of Bank | C.S. Centre of Stream, etc. | F.W. Face of Wall | Tk.H. Track of Hedge |
| C.C.S. Centre of Covered Stream | Def. Defaced | R.H. Root of Hedge | Tk.S. Track of Stream |
| C.D. Centre of Drain, etc. | E.K. Edge of Kerb | S.R. Side of River, etc. | Und. Undefined |

Imperial equivalents for metric boundary mergings
 0.91m = 3ft 1.22m = 4ft

One grid square on this plan represents one hectare on the ground.
 To convert hectares to acres multiply by 2.471 05
