VEGETATION CLASSIFICATION: Where space permits, trees and scrub symbols in woods are shown in groups of four. These trees are high in appearance. In woods open to scrub they are shown in groups of four. These trees are high in appearance. In woods open to scrub they are shown in groups of four. These trees are high in appearance.

EXAMPLE from sheet TQ 0529

1. Take the two figures preceding the sheet number: TQ 0529

2. Take the west edge of the grid square in which the point lies and read the figures opposite this line on the north or south margin. Estimate tens of metres from the grid line to the point. Distance is 8. The resulting four-figure number is the Easting: 0588

3. Take the south edge of the grid square in which the point lies and read the figures opposite this line on the east or west margin. Estimate tens of metres from the grid line to the point. Distance is 29. The resulting four-figure number is the Northing: 0588 29

4. The full four-figure reference is given by writing first the letters followed by the Easting and then by the Northing: TQ 0588 29

For further information see an Introduction to the Projection for Ordnance Survey Maps and the National Reference System.
