**COMPILATION DATA**

Levelled.....1955  
Boundaries.....Feb 1975

(a) 1:2500 scale (photographically reduced)  
(b) Jan 1975  
(c) Revised

Surveys of changes since the publication of this plan may be available. Enquiries should be addressed to the Director General or to the local Ordnance Survey office.

HEIGHTS are given in METRES above the Newlyn Datum.  
Bench mark lists, which may contain later levelling information and particulars of bench marks or which no values have been shown, are obtainable from the Director General, Ordnance Survey.

The representation on this plan of a road, track or path is evidence of the existence of a right of way.  
The alignment of tunnels where shown is approximate.

**AREAS**

The number and area, in hectares (ha) and acres, is shown within each parcel of land.

EXAMPLE: 4.37 ..... parcel number  
1.807ha ..... area in hectares  
4.47 ..... area in acres

When identifying a parcel it is important to specify the number of the plan on which it falls. Enclosures or features joined for measurements of area.

To convert hectares to acres multiply by 2.471 05  
To convert acres to hectares multiply by 0.404 69

**NATIONAL GRID REFERENCE**

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point to within 10 metres proceed as follows:

EXAMPLE from sheet TQ 059

- Take the two letters preceding the sheet number..... TQ
- Take the west edge of the grid square in which the point lies and read the figure opposite this line on the north or south margin..... 058  
Estimate tens of metres from the grid line to the point (distance a)..... 8  
The resulting four figure number is the Easting..... 0588
- Take the south edge of the grid square in which the point lies and read the figure opposite this line on the east or west margin..... 291  
Estimate tens of metres from the grid line to the point (distance b)..... 6  
The resulting four figure number is the Northing..... 2916
- The full ten metre reference is given by writing first the letters, followed by the Easting and then by the Northing..... TQ 0588 2916
