AREAS

Area measurement is to the edge only. The number and area, in hectares (ha) and acres, is shown within each parcel of land.

EXAMPLE: 4267 parcel number, 1.807ha area in hectares, 4.47 area in acres.

When identifying a parcel it is important to specify the number of the plan on which it falls.

NATIONAL GRID REFERENCE. The grid lines form part of the National Grid and are at 100 metre intervals.
