

Director General of the Ordnance Survey, Southampton

ST 8030 WESTBURY CO CONST ST 8130

CONVERSION SCALES

HECTARES	ACRES
0	0
1	2.47
2	4.94
3	7.41
4	9.88
5	12.35
6	14.82
7	17.29
8	19.76
9	22.23
10	24.70
11	27.17
12	29.64

1 Hectare = 2.471054 Acres

1 Metre = 3.28084 Feet

1 Foot = 0.3048 Metre

One grid square on this plan represents one hectare.

Made and published by the Director General of the Ordnance Survey, Southampton.

AREAS

Area measurement is to plan edge only. The number and area, in hectares (ha) and acres, is shown within each parcel of land.

EXAMPLE: 4267 parcel number
1.809ha area in hectares
4.47 area in acres

When identifying a parcel it is important to specify the number of the plan on which it falls. Enclosures or features joined for measurement of area. Limits of area within which individual parcels are not shown. To convert hectares to acres multiply by 2.47105. To convert acres to hectares multiply by 0.40469.

NATIONAL GRID REFERENCE

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point to within 10 metres proceed as follows:

EXAMPLE from sheet TQ 0529

TQ 0529 Easting
291 Northing

- Take the two letters preceding the sheet number. TQ
- Take the west edge of the grid square in which the point lies and read the figures opposite this line on the north or south margin. 058
- Take the east edge of the grid square in which the point lies and read the figures opposite this line on the east or west margin. 291
- Estimate tens of metres from the grid line to the point (distance 0.8) and the resulting four figure number is the Easting. 0588
- Estimate tens of metres from the grid line to the point (distance 1.1) and the resulting four figure number is the Northing. 2916

The resulting four figure number is the Northing. To convert metres to feet multiply by 3.28084. For further information see 'An Introduction to the Projection for Ordnance Survey Maps and the National Reference System.'

Centre of Bank	Centre of Stream, etc.	Defence	Side of Hedge	Track of Hedge
Centre of Covered Stream	Edge of Kerb	Side of River, etc.	Underpass	Underpass
Centre of Drain, etc.				

COMPILATION DATA

Levelled 1952

Boundaries Apr 1978

1:1250 scale (photographically reduced)

© Nov 1977

Enquiries should be made to the Director General of the Ordnance Survey, Southampton.

HEIGHTS are given in METRES above the Newlyn Datum.

Boundaries which may contain later levelling information and particularly of bench marks which have been shown, are obtainable from the Director General, Ordnance Survey, Southampton.

The alignment of roads, track or paths is shown in accordance with the right of way. The alignment of tunnels where shown is approximate.
