**SYMBOLS**

- Slopes
- Cave entrance
- Rock
- Boulders
- Sloping masonry
- Roofed building
- Glassway
- Archway
- Change of boundary merging
- see AREAS notes
- Revision point & bench mark coincident
- Non-coniferous trees
- Coniferous trees
- Surveyed trees
- Orchard trees
- Coppice, oier
- Scrub
- Heath
- Marsh
- Saltmarsh
- Reeds
- Site of antiquity
- Culvert
- Direction of water flow
- Pylon
- Electricity Transmission Line
- Tramway station
- Traverse station (permanent)
- Bench mark
- Surface level
- Boundary meetings
- Face of Fence
- Base of Wall
- Top of Bank
- Track of Hedge
- Track of Stream
- Undefined

**BOUNDARIES**

**ENGLAND & WALES**  
 County  
 District  
 London Borough  
 Civil Parish (England)  
 Community (Wales)  
 Electoral Division  
 Ward  
 Constituency (County, Borough or European Assembly)  
 Euro City/Borough  
 Euro District

**SCOTLAND**  
 Region or Islands Area  
 District  
 Not shown  
 Electoral Division  
 Constituency (County, Borough or European Assembly)  
 Boro' Council & E.D. B'y

**NATIONAL GRID REFERENCE**  
 The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point to within 10 metres proceed as follows:  
 1. Take the two letters preceding the sheet number..... 90 09  
 2. Take the west edge of the grid square in which the point lies and read the figure opposite this line on the north or south margin..... 608  
 Estimate one centimetre from the grid line to the point (distance x1)..... 8  
 The resulting four figure number is the Easting..... 9088  
 3. Take the south edge of the grid square in which the point lies and read the figure opposite this line on the east or west margin..... 291  
 Estimate one centimetre from the grid line to the point (distance x2)..... 4  
 The resulting four figure number is the Northing..... 2914  
 4. The full ten metre reference is given by writing first the letters, followed by the Easting and then by the Northing..... 90882914  
 For further information see 'An Introduction to the Progression for Ordnance Survey Maps and the National Reference System'
