

Made and published by the Director General of the Ordnance Survey, Southampton.

Made and published by the Director General of the Ordnance Survey, Southampton.

COMPILED DATA

Levelled.....1952
 Boundaries...Oct 1979

(a) Jan 1979
 (b) Jan 1979

1:2500 scale 1:1250 scale (photographically reduced)

(a) Surveyed.
 (b) Reconstructed from former County Series plans and revised.
 (c) Revised.

Surveys of changes since the publication of this plan may be available. Enquiries should be addressed to the Director General or to the local Ordnance Survey office.

HEIGHTS are given in METRES above the Newlyn Datum.
 Bench mark lists, which may contain later levelling information and particulars of bench marks to which no values have been shown, are obtainable from the Director General, Ordnance Survey.
 The representation on this plan of a road, track or path is evidence of the existence of a right of way.
 The alignment of tunnels where shown is approximate.

NATIONAL GRID REFERENCE

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point to within 10 metres, proceed as follows—

EXAMPLE: 4267 parcel number
 4.47 area in acres 0.988

1. Take the two letters preceding the sheet number— 09Q 098

2. Take the west edge of the grid square in which the point lies and read the figures opposite this line on the north or south margin— 0988

3. Take the east edge of the grid square in which the point lies and read the figures opposite this line on the east or west margin— 0988

4. The full ten metre reference is given by writing first the letters, followed by the Easting and then by the Northing— 09882916

For further information see "An Introduction to the Projection for Ordnance Survey Maps and the National Reference System"

AREAS

Area measurement is to plan only.
 The number and area, in hectares (ha) and acres, is shown within each parcel of land.

EXAMPLE: 1:800ha parcel number
 4.47 area in acres 0.988

To convert hectares to acres multiply by 2.47105
 To convert acres to hectares multiply by 0.40469
