NATIONAL GRID REFERENCE

EXAMPLE from sheet TQ 0529

1. Take the two letters preceding the sheet number: TQ 0529

2. Take the west edge of the grid square in which the point lies and read the figures opposite this line on the north or south margin: 058

3. Take the south edge of the grid square in which the point lies and read the figures opposite this line on the east or west margin: 291

4. The full ten metre reference is given by writing first the letters, followed by the Easting and then by the Northing: TQ 058291

For further information see 'An Introduction to the Projection for Ordnance Survey Maps and the National Reference System.'
