#### BOUNDARIES

|  |                             |
|--|-----------------------------|
|  | County Boundary             |
|  | District Boundary           |
|  | London Borough Boundary     |
|  | Civil Parish Boundary       |
|  | Community Boundary          |
|  | Electoral Division Boundary |
|  | Ward Boundary               |
|  | Constituency Boundary       |
|  | E.D. Bay Boundary           |
|  | Parish Bay Boundary         |
|  | Co. Const. Bay Boundary     |

Made and published by the Director (General of the Ordnance Survey, Southampton.

#### COMPILED DATA

Levelled: 1952  
Boundaries: Dec 1978

1:2500 scale \* 1:1250 scale (photographically reduced)

(a) Surveyed.  
(b) Reconstructed from former County Series plans and revised.  
(c) Revised.

Surveys of changes since the publication of this plan may be available. Enquiries should be addressed to the Director General or to the local Ordnance Survey office.

HEIGHTS are given in METRES above the Newlyn Datum.  
Bench marks, which may contain later levelling information and particulars of bench marks to which no values have been shown, are obtainable from the Director General, Ordnance Survey.  
The representation on this plan of roads, tracks or paths is evidence of the existence of a right of way.  
The alignment of tunnels, where shown is approximate.

| W.T.     | Water Tap               |

#### NATIONAL GRID REFERENCE

The grid lines form part of the National Grid and are at 100 metre intervals. To give a unique reference defining the position of a point within 10 metres proceed as follows:

- Take the two letters preceding the sheet number.
- Take the west edge of the grid square in which the point lies and read the figure opposite this line on the north or south margin. Estimate tenths of metres from the grid line to the point (distance  $x$ ).
- Take the south edge of the grid square in which the point lies and read the figure opposite this line on the east or west margin. Estimate tenths of metres from the grid line to the point (distance  $y$ ).
- The full ten metre reference is given by writing first the letters, followed by the Easting and then by the Northing.

EXAMPLE from sheet TQ 0529

|     |     |     |     |
|-----|-----|-----|-----|
| TQ  | 058 | 291 | 008 |
| 058 | 058 | 291 | 008 |
| 058 | 058 | 291 | 008 |
| 058 | 058 | 291 | 008 |
