

9819

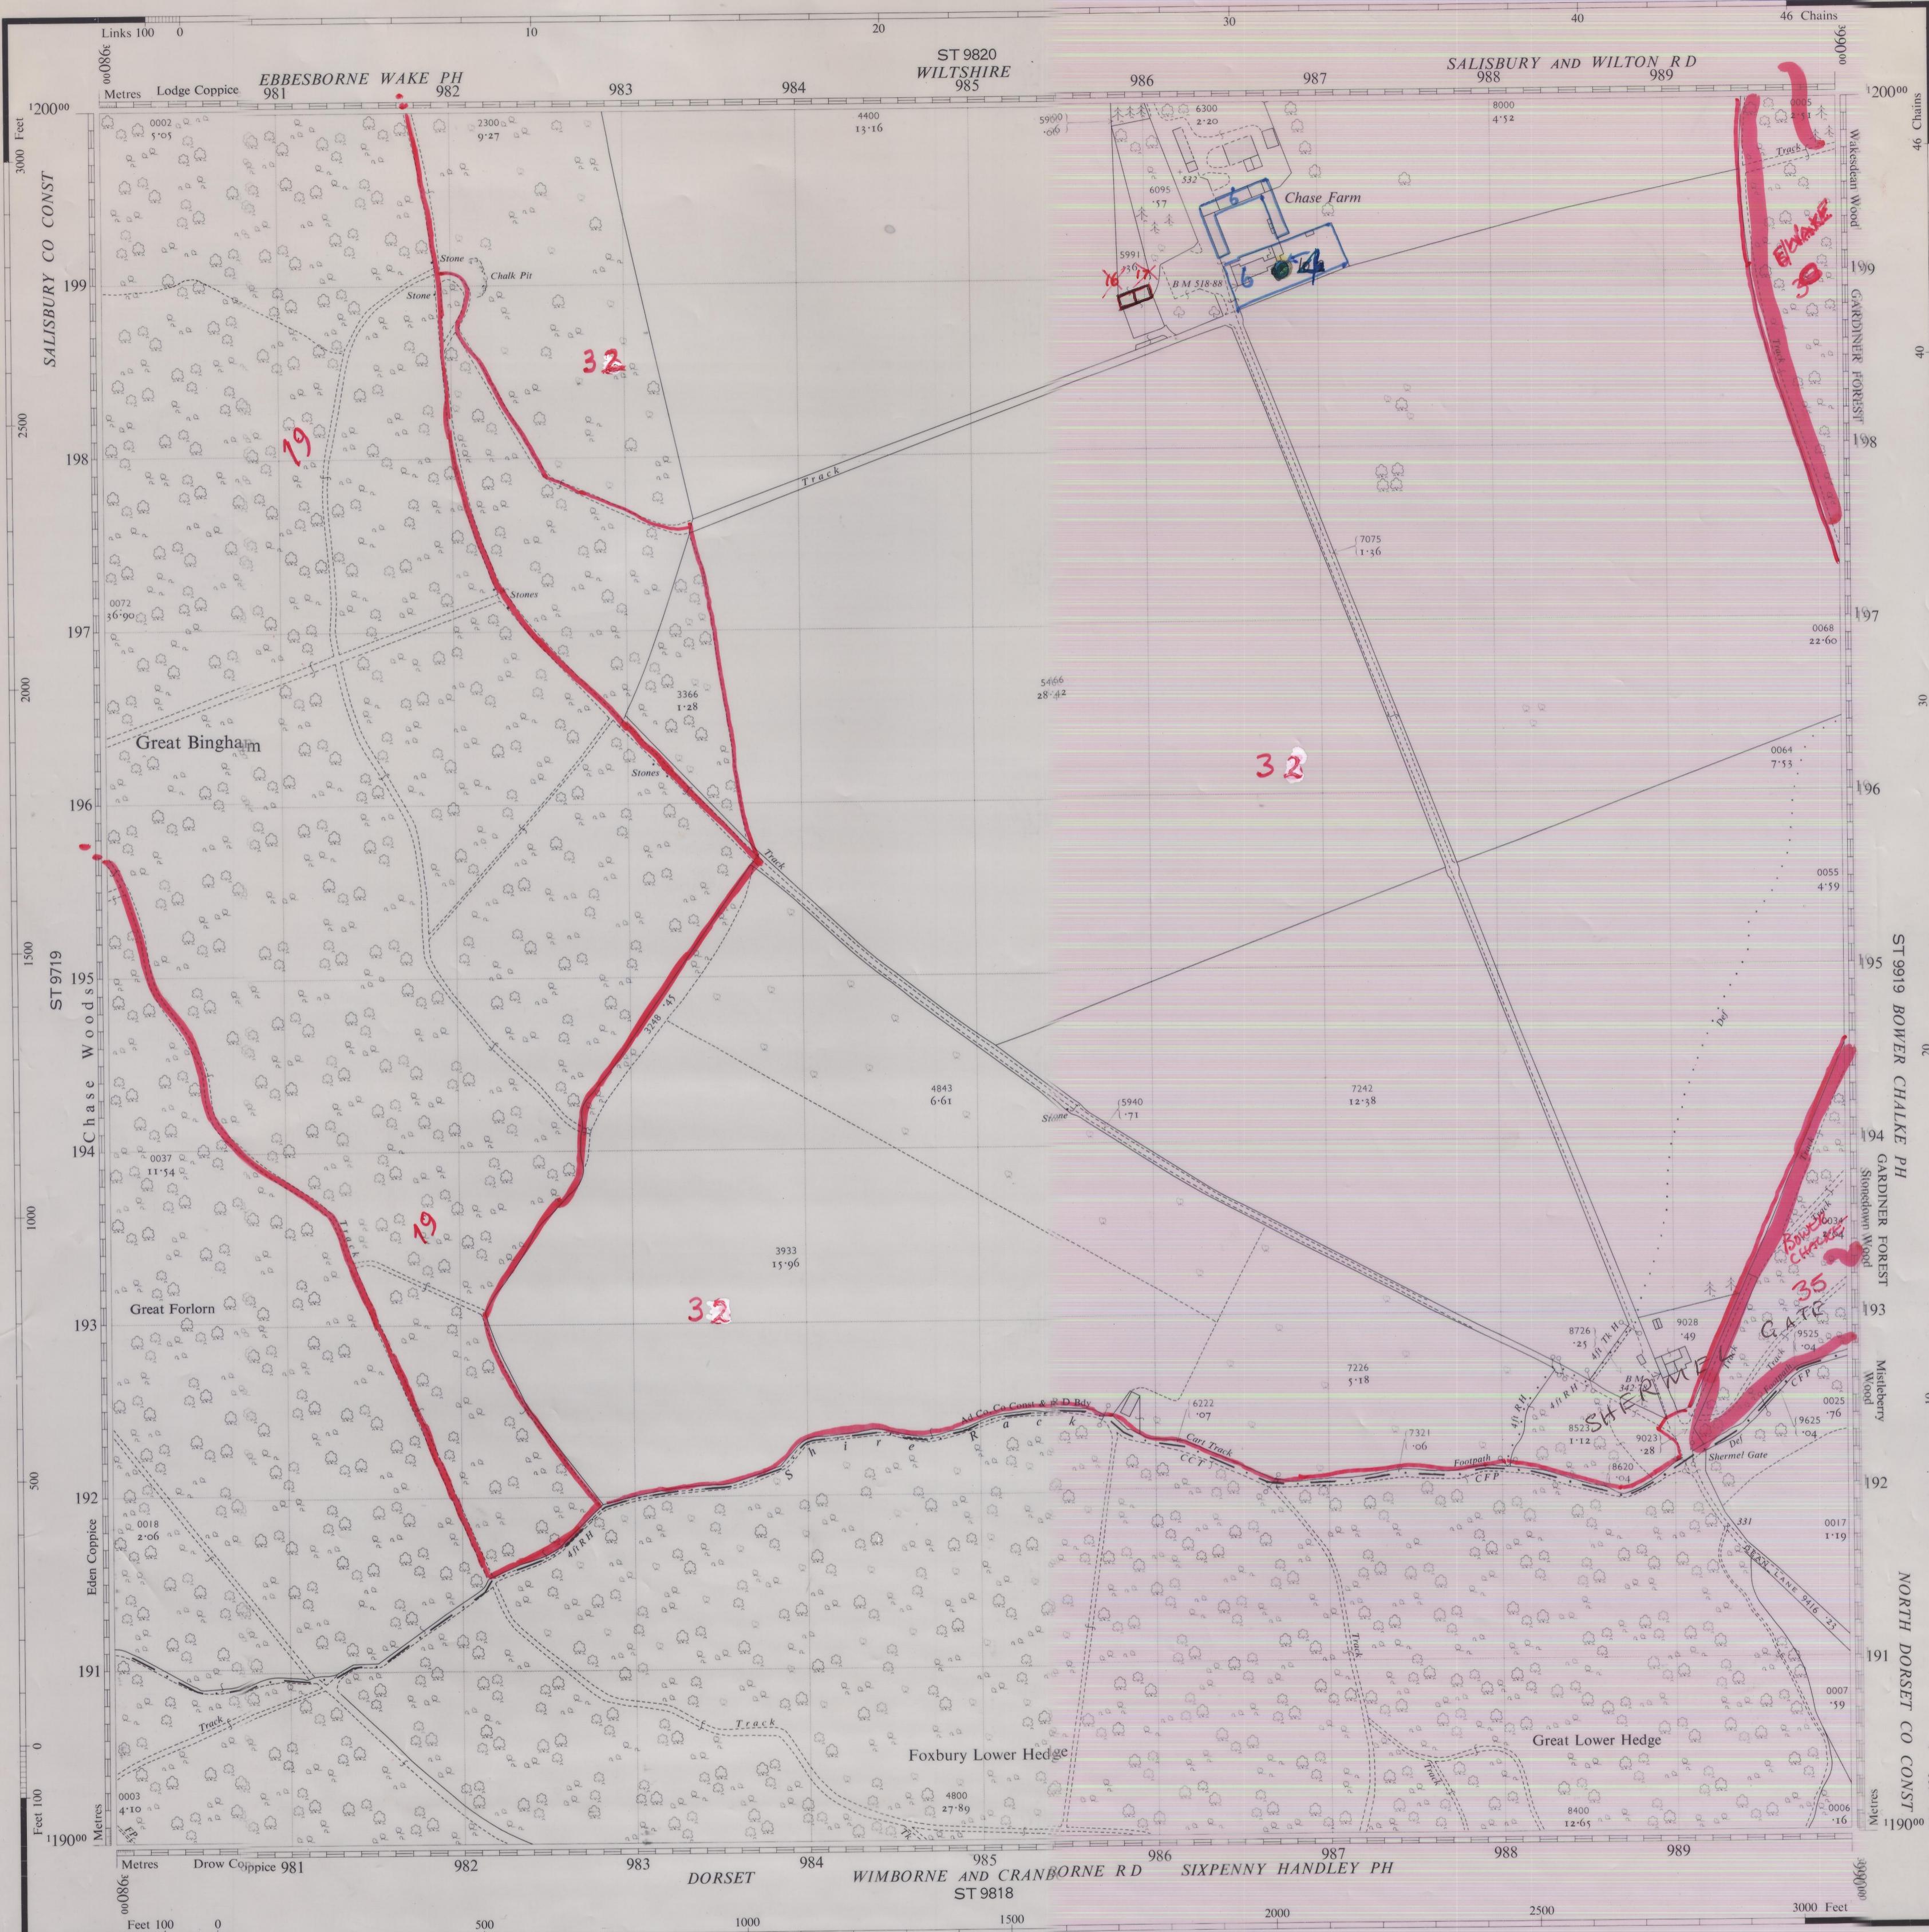

## PLAN ST 9819

## ORDNANCE SURVEY

Scale: 1:2500 or 25.344 inches to 1 Mile

Revised  
LevelledMay 1959  
1952

## PLAN ST 9819

Made and published by the Director General of the Ordnance Survey, Chessington, Surrey, 1960.  
Reconstituted from former County Series plans. Revised 1959.

## PLAN ST 9819

|  |                                     |                             |   |                                    |   |
|--|-------------------------------------|-----------------------------|---|------------------------------------|---|
| Antiquities (site of)  | ○                                   | Bench Mark                  | △ | Surface Level                      | + |
| Change of boundary merging   | ○—○                                 | " " Fundamental             | △ | Revision Point or Traverse Station |   |
| Limit of area within which the acreages of individual parcels are not shown  | ?                                   |                             |   | Triangulation Station              | △ |
| Levelling Information  |                                     |                             |   |                                    |   |
| Altitudes of Bench Marks and Surface Levels are given in feet above the Newlyn Datum.  |                                     |                             |   |                                    |   |
| Bench Mark lists, containing fuller and possibly later levelling information, are obtainable from the Director General, Ordnance Survey. |                                     |                             |   |                                    |   |
| Boundary Merging Abbreviations   |                                     |                             |   |                                    |   |
| Base of Bank BB  | Centre of Old Course of Stream COCS | Face of Wall FW             |   | Guide Post GP                      |   |
| Centre of Bank CB  | Centre of Road, etc. CR             | Side of River, etc. SR      |   | Signal Bridge SB                   |   |
| Centre of Canal, etc. CC   | Centre of Stream CS                 | Track of Hedge TKH          |   | Sign Post SP                       |   |
| Centre of Drain, etc. CD   | 4 feet from Root of Hedge APRH      | Track of Stream TK S        |   | Level Crossing LC                  |   |
| Centre of Covered Stream CCS   | Face of Fence FF                    | Defaced, Undefined Def, Und |   | Mile or Mooring Post MP            |   |

## REFERENCE

For fuller information see Reference Card published separately.

## NATIONAL GRID REFERENCE

The lines on the plan form part of the National Grid and are spaced at 100 metre intervals.

To give a large scale reference defining the position of a point to the nearest 10 metres proceed as follows:-

| EXAMPLE: C in Chase Farm  |  |
|---|--|
| EASTING   | NORTHING   |
| Take west edge of square in which point lies and read the figures opposite this line on NORTH and SOUTH margins | Take south edge of square in which point lies and read the figures opposite this line on EAST and WEST margins |
| 986   | 199  |
| 8   | 4  |
| 988   | 1994   |
|   |  |
| TEN METRE REFERENCE: ST 98681994  |  |

For further information see "The Provision for Ordnance Survey Maps and Plans and the National Reference System".  
The representation on this plan of a road, track or footpath is no evidence of the existence of a right of way.  
1 square inch on this plan represents 990 of an acre on the ground.  
The amount of tamarisk where shown is approximate.

PARCEL NUMBERS AND ACREAGES  
The number and acreage of each parcel of land is shown within the parcel. It is important when identifying a parcel to specify the number(s) of the plan(s) on which it falls.

IN PARCELS DIVIDED BY THE SHEET EDGE, THE ACREAGES ARE SHOWN TO SHEET EDGE ONLY.
