ANNEX (This does not form part of the enforcement notice)

The access by reason of its restricted forward visibility and relationship to the existing access to the adjoining Stone Quarry Museum is incapable of properly accommodating industrial traffic without creating conditions of highway danger.

Permission for access to the industrial development from Bradford Road would encourage through industrial traffic and contradict the planning conditions imposed on N.85.1074.F and N.88.1502.F in the interests of highway safety and residential amenity.
